

Mabomboh Community Project

Launch Mission

Our Motto

Education is Power

We are Mabomboh
Community Project, and
we want to bring
education to the heart of
Mabomboh village, Sierra
Leone.

By giving the children of Mabomboh a chance to go to school, we hope to empower them to take charge of their own future and the future of their community.

Iain

Nenneh (Evelyn)

Hello, we are the
founders of Mabomboh
Community Project!

Where is Mabomboh?

Mabomboh is a small farming village in Sierra Leone, home to 90 children between 2 to 16 years old. With the nearest school too far away, these children have been deprived of their right to education for decades. With your help, **we want to bring this community a school that will change the lives of this village for generations to come.**

The building in April....

**Teachers, students, and the
community was all in this together!**

**The school is
done!**

£10,050

Raised in 3 months. Thanks to your kindness, these funds have paid for tables and chairs for classrooms.

5 toilets built

Four toilets for 74 children & one for nursery and reception

Unfortunately...

We had to turn away 27 children
since we reached maximum
capacity...

**But with your help, we can
change these 27 futures**

Our short term fundraising goals

Next school building

£10,000

Teacher's Quarters

£3,000

1

2

3

4

5

Annual salary for teachers

£1,500/teacher

Solar Units

£25/unit

By 2023...

Build 3 more classrooms to allow
the children to progress

Our vision for Mabomboh does not end with the primary school - eventually, we aspire to have a secondary school as the nearest ones are over 10 miles away.

We want to be **ambitious** with this project, because these children are worth investing in.

As the school motto states, '**Education is Power**', and we hope that through the help of your donations, that we can empower the young people of Africa to know their rights and achieve positive change on the continent.

The uniforms!
